# UP-TO-DATE TAILORING

It is amusing to see some advertisements in the Merchant Tailoring Business; it makes tradesmen smile to read that it is possible to get a good suit of clothes for 40/- or 50/-. Why the making and trimming of a good suit costs that; then there is the cloth, cutter's and general expenses, to say nothing of the profit.

Now, what kind of a suit can you expect for 40/- or 50/-?

We do not make this kind—we are kept busy making good clothes.
